

Go Spark Distributors

FiTech Unveils the All-New FiTech Go Spark Distributors

FiTech Fuel Injection introduces Go Spark Distributors among their newly expanded line of ignition parts and accessories. From ready-to-run to 2-wire pickup and more, FiTech has what you need when it comes to distributors. They feature a CNC machined aluminum housing for durability, and adjustable mechanical advance for optimal performance at all RPM levels. Whether you have a Ford or Chevy engine, these distributors are the perfect choice to replace the OEM distributor on your engine.

Engineered to ignite the heart of your vehicle's ignition system, these distributors are designed to redefine your automotive experience, bringing convenience and reliability to the forefront.

The FiTech Go Spark Distributors offer an array of features that cater to the needs of hot rodders, automotive enthusiasts, and engine builders, without compromising on quality.

Key Features of the FiTech Go Spark Distributors:

Precision Craftsmanship: Crafted with meticulous attention to detail, the FiTech Go Spark Distributors are engineered to deliver precision and efficiency.

Durable Design: Featuring a CNC machined aluminum housing, these distributors are built to withstand the rigors of automotive performance, ensuring long-lasting performance.

Adjustable Mechanical Advance: For optimal performance at various RPM levels, the distributors come with an adjustable mechanical advance system, providing flexibility in fine-tuning your engine.

Wide Compatibility: Whether you have a Ford or Chevy engine, FiTech offers a range of distributor options to suit your specific requirements. (Additional applications to come)

Ready-To-Run Convenience: Some models feature built-in modules, simplifying installation with a straightforward three (3) wire hook-up – eliminating the need for an external ignition control box.

3-Year Limited Warranty: Each FiTech Go Spark Distributor is backed by FiTech's 3-year limited warranty, guaranteeing quality performance for your hot rod.

FiTech's Go Spark Distributors are designed to cater to a wide range of automotive needs, from street machines to custom high-performance engines. With precision engineering, and durability, these distributors promise to enhance your automotive journey.
