

NEW PRODUCT RELEASE: **Go Spark Oil Filled Round Coils**

FiTech, a frontrunner in automotive performance solutions, is excited to unveil its latest ignition product—the FiTech Go Spark Oil Filled Round Coils. These high-performance coils are perfect for vehicles that have been converted to an electronic breaker-less distributors, where a traditional oil filled can style coil is preferred for the desired vintage appearance.

The FiTech Go Spark Oil Filled Round Coils offer a perfect solution for vehicles that have transitioned to electronic breaker-less distributors while still desiring the classic appearance of a traditional oil-filled can-style coil. These coils seamlessly blend vintage charm with advanced ignition capabilities, ensuring both style and substance.

Key Features of the FiTech Go Spark Oil Filled Round Coils:

Classic Aesthetics: FiTech's Oil Filled Round Coils retain the vintage charm of traditional oil-filled can-style coils, making them the perfect choice for enthusiasts who appreciate a nostalgic appearance. Available in both Chrome and Black finishes, these coils offer versatility to suit various aesthetic preferences and vehicle styles.

Optimized Winding: Designed with precision, these coils feature optimized windings tailored for use with the electronic modules found in any of the FiTech Ready to Run distributors.

Enhanced Performance: The FiTech Go Spark Oil Filled Round Coils deliver high output, resulting in quicker starts, improved throttle response, and increased power at higher RPMs. conductivity. This ensures longevity, quality, and uncompromised performance.

The FiTech Go Spark Oil Filled Round Coils are engineered to meet the demands of those who seek the perfect balance between style and performance.
